

Managing Change

Change is tough. No matter if it is personal change or a change within an organization, more often than not the first try at change will fail. This is why its important to try again. If you have found your self struggling with change, take a look at these statistics and see that you are not alone with your frustration.

25%

of change management Initiatives are successful

87%

of organizations in a recent survey said they train their managers to "manage change" but only **22%** of managers felt the training was effective

50%

of Americans make New Year Resolutions

19% successful after 2 years

55% are successful for 1 month

77% of these resolutions are successful for one week

85%

of smokers relapse

70%

of all organizational change attempts fail

Top 3 hardest life changes to cope with:

Getting Older

Changing Life Roles

Death of a Loved One
